

PENNVENTION

Penn's Premier Tech Entrepreneurship Competition

Sponsor us!

The Pennvention competition consists of various events that allow students to utilize the resources available at the Weiss Tech House to build their tech ideas from the ground up. With our help, past contestants have developed their ideas into incredible products to raise millions of dollars in seed funding and have been featured in the New York Times, Business Insider, and the Wall Street Journal (to name a few). Our sponsors are the ones who enable this to happen. We're forever indebted to these individuals and companies. Join us as a sponsor for the Pennvention 2015 competition and become an enabler of the next generation of leading tech entrepreneurs.
